WEST HIGH SCHOOL · WEST TORRANCE, CA

West High Science Olympiad

2026–2027 Sponsorship Packet

OUR TEAM

Who We Are

The West High School Science Olympiad team gives students in West Torrance a place to go deep on science and engineering outside the classroom. We field a roster of 35 students each year, competing across all 23 Science Olympiad events — from written knowledge tests to physical builds tested on competition day. Our program has been competing since 1996, with 49 tournaments and counting, and every dollar we raise goes directly toward keeping this team on the road and in the competition.

2025–26 SEASON

Season Highlights

• **6th of 24** at the Los Angeles Regional (PCC) — our best team finish, and it qualified us for the State tournament.
• **28th of 32** at the SoCal State Tournament, held at Caltech.
• **19 medals earned** across all events in the 2025–26 season.
• Program bests: **1st place at Regionals** (2016 & 2017), 3rd place at an invitational (2017), and 10th at State (2006, 2017, 2021).

WHY WE NEED YOUR SUPPORT

What Your Sponsorship Funds

Tournament Registration Fees	Entry costs for every invitational, regional, and state tournament we attend.
Build Materials	Balsa wood, motors, circuit components, and other supplies for our engineering events.
Travel	Transportation to tournaments across Southern California, from Temecula to San Diego.
Team Gear	Team sweatshirts and supplies that help us travel and compete as one team.

PARTNER WITH US
